2023 Claude's Cuvée

52% Syrah, 27% Graciano, 13% Mataró, 8% Grenache
Terry Hoage Vineyard, G2 Vineyard, Willow Creek District

75% new French oak for 22 months

33% Stem Inclusion

15.1% ABV · 474 cases produced

The 2023 Claude's Cuvée offers notes of ripe red and black fruit alongside leather, pepper, and spice. 30% stem inclusion provides additional structure to the wine and the palate delivers a concentrated and seamless texture. Beautiful tannins in this wine suggest both immediate approachability and aging potential.

Drink now through 2038.

2023 G2

91% Syrah, 9% Graciano
G2 Vineyard, Willow Creek District
85% new French oak for 22 months
30% Stem Inclusion
15.2% ABV · 300 cases produced

The 2023 G2 Syrah showcases dark black fruits, peppered and smoked meats, leather, and hints of graphite, all wrapped in a pure, concentrated core. Full-bodied and powerful on the palate, it features a densely layered mid-palate, ripe tannins, and a bold, meaty finish that reflects its serious structure and depth. This wine will benefit from 3–4 years of cellaring and should evolve gracefully for 15+ years.

Best enjoyed between 2028 and 2043.
